Yardley Prosthodontics
307 Floral Vale Blvd, Yardley, PA 19067

Why other dentists refer complex treatment plans to Yardley Prosthodontics

Dr. Elaine Torres-Melendez and Dr. Harrison I. Spatz are certified by the American Board of Prosthodontics and have advanced training and experience in all facets of implant and restorative dentistry. Current and extensive knowledge of advanced technology, materials, and procedures empower Drs Torres-Melendez and Spatz to manage and treat complex oral health issues.

Dr. Torres-Melendez has maintained a specialty practice in Prosthodontics since 1986. Dr. Spatz was welcomed to the practice in October 2022. Board certification means they have successfully completed a four-part examination and must re-certify every 8 years to stay current in practices that pertain to the specialty.

A comprehensive examination, radiographic survey, diagnostic models, Facebow transfer, occlusal registration and digital photographs are all a part of the initial consultation appointment.

Elaine Torres-Melendez DMD, FACP
